## INSYS 19" Rack

INSYS 19" Rack is for applications where various data communication units must be located at the same place. Through the modular construction of the plug-in cards analog modems for dial-up line or leased line as also plug-in cards for ISDN net can be integrated. The INSYS 19" Racks disposes of 12 plug-in places.

### Application fields:

- remote control
- telemonitoring
- remote configuration
- local collection of data

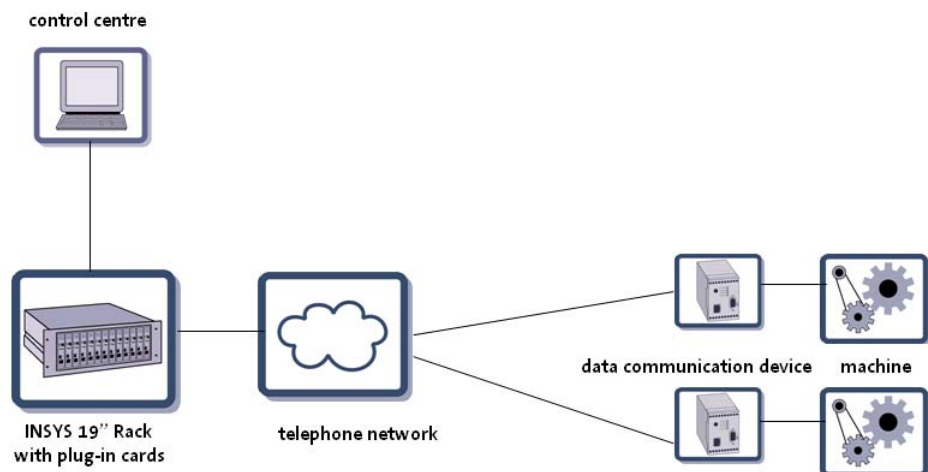

for industrial plants, PLC, road traffic systems, control technology, sewage works, etc.

### INSYS 19" Rack

with 12 plug-in places  
for INSYS 19" Modem and 19" ISDN TA

### Application example

# INSYS 19" Rack

## Technical Data

Network interface/ line requirement	depending on chosen plug-in card 2-wire leased line or dial-up line or ISDN SO
Power supply	230 Volt AC on back side (optional 12/24 VDC)
Data interface	each plug-in: RS232 over 9-pin SUB-D jack or peelable screw terminal on back side
<b>Physical specifications</b>	
Size (w×l×h)	48,5×30,5×13 mm
Temperature range	0...+70 °C
Humidity	0...95% (non condensing)

Product name	Order number
INSYS Rack (12 plug-in places)	11-02-05-01-01.
INSYS 19" Modem 336 (dial-up line)	11-02-05-02-01.
INSYS 19" Modem 336 LL 2 D (leased line)	Originate: 11-02-05-02-02. Answer: 11-02-05-02-02.
INSYS 19" ISDN	11-02-05-03-01.
