

# LIGHT CONDUCTORS

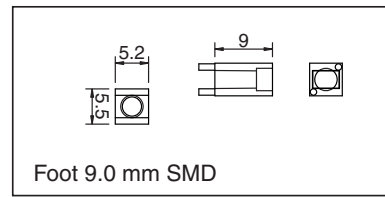

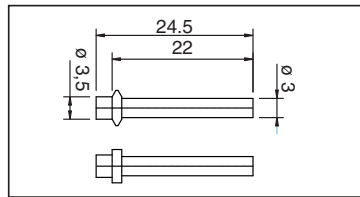

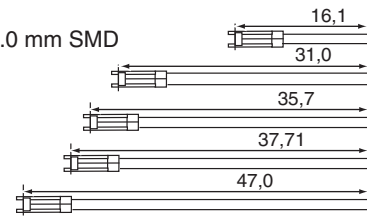

Ø 3mm light conductors for SMD or Leded Led's for transporting the light from the PCB to the front of the enclosure. - 5 different types can be combined into 20 different length from 11,8 mm to 51 mm including special length to fit most of Bernic's enclosures.

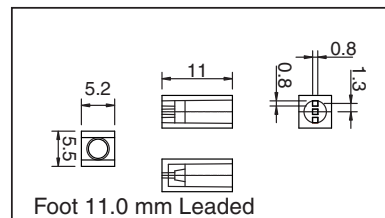

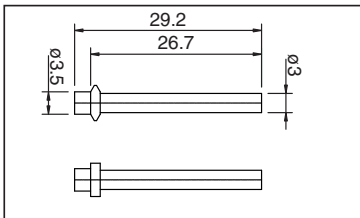

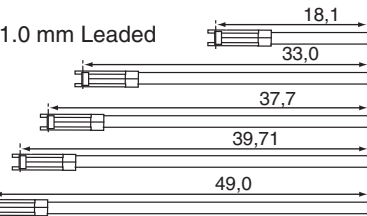

Foot 4.5 mm SMD

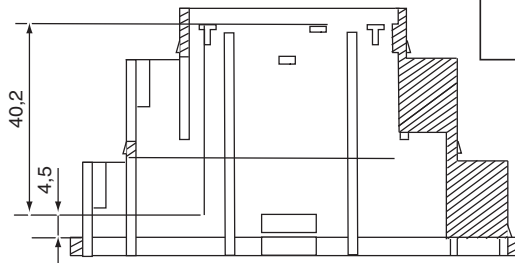

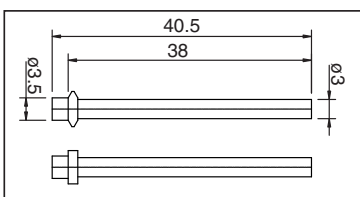

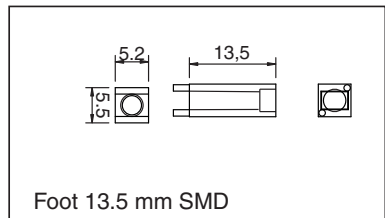

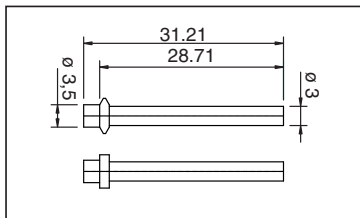

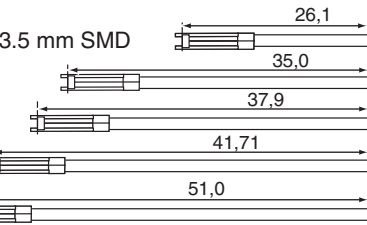

Foot 9.0 mm SMD

Foot 11.0 mm Leded

Foot 13.5 mm SMD

\* For Din Rail Enclosures from base PCB to front
